PROJECTS

Beauty Palette

12/2024 – 03/2025

Online Appointment Booking System

Beauty Palette is a user-friendly online appointment booking platform designed for beauty services. Developed using React.js for the frontend, Node.js for the backend, and SQL for robust data management, the system efficiently caters to both Admin and Customer roles.

Admin Panel:

- Manage and organize various services, categories, and special offers.
- Admin can view, confirm, or reject customer's appointments.
- Maintain control over user accounts with block/unblock functionality.
- Add, update, or remove services and offers as needed.

Customer Portal:

- Browse through a wide range of beauty services with categorized listings.
- Book appointments by choosing their preferred date, time, location and customize thier service .
- View a history of past and upcoming appointments.
- Cancel or postpone appointments as per their convenience.
- Available special offers and discounts displayed on the platform.
